

# Linked Troop Wood Badge

SBR-25-1

Jan 20-24, 2025  
Summit Bechtel Reserve  
Glen Jean, West Virginia

Living the Values, Growing, Connecting,  
Guiding, Empowering

## Why attend Linked Troop Wood Badge?

Wood Badge is an immersive, advanced leadership training experience with a BSA unit structure. The weeklong Linked Troop Model Course offers Wood Badge training within a linked unit structure—two single-gender troops with a shared committee.

This allows for smaller group learning as well as integrated experiences and activities—just like the Linked Troop model provides for Scouts in our program. Wood Badge at the Summit affords big-picture discussions and opportunities to connect with Scouters from all over the country in a first-rate setting. This course will empower you, reinvigorate your Scouting, and maximize the impact you'll be ready to make locally.

**Participants should plan to arrive January 19, 2025, 1-6 PM EST  
and can leave after 5 PM on January 24.**
